Explore undergraduate, postgraduate and research degrees and find out about campus life.

Chapter 1 - Saylor Academy Executives often ask whether their industry is becoming more global and, if so, what strategies they should consider to take advantage of this development and stake out an enduring global competitive advantage. This may be the wrong question. Simple characterizations such as "the electronics industry is global" are not particularly useful. A better question is how global an industry is, or. Hypermobility (travel) - Wikipedia Hypermobile travelers are "highly mobile individuals" who take "frequent trips, often over great distances." They "account for a large share of the overall kilometres travelled, especially by air.
